## **32 COMPANY/ASSOCIATION PARTNERSHIPS SIGNED** **4th Digital Skills Matchmaking**

IMS Luxembourg organised the 4th edition of the Digital Skills Matchmaking in collaboration with the Media, Connectivity and Digital Policy Department of the Ministry of State /Digital Luxembourg, the Digital Skills and Jobs Coalition, and the European Social Fund during Nexus 2050.

### **32 partnerships signed**

During the speed meeting, 23 digital entrepreneurs met with the 26 companies present. As a result, 32 partnerships were signed. To put these partnerships into practice, a follow-up workshop (on 25 September) and tripartite meetings are planned.

### **Bridging Tech & Impact**

This meeting aims to facilitate exchanges and create win-win digital partnerships between companies and impact initiatives (associations, NGOs, foundations, public organisations, schools, etc.). These partnerships enable companies to support projects through volunteering, skills sponsorship, equipment donations, sponsorship, help with integration, etc. In return, companies benefit from significant added value: concrete implementation of the CSR policy, attraction and retention of talent, development of staff skills and affirmation of the company's values.
