12 practices nominated

The pre-judging panel selected the 12 nominated practices for each category from the many entries received. The criteria specified for each category were the impact of the practice, the innovative nature of the approach, the exemplary and replicable nature of the initiative, the extent to which the practice has been implemented, how the project is managed, and the extent to which it forms part of a long-term approach. The final jury, comprised of representatives from a wide range of stakeholders, selected the winners in the four categories on 23 September 2024.

The 2024 winners

The winners were celebrated at an evening event attended by jury members, the pre-jury and 200 participants. Four prizes and a 'Coup de Coeur' from the jury were awarded for outstanding initiatives. The trophies, created by artist Jacques Schneider, added a special touch to the event. The evening highlighted the innovative and responsible commitments of Luxembourg organisations.
