SUSTAINABILITY

THE ONLY WAY IS

FORWARD

Luxembourg, October 30, 2025

The Luxembourg Sustainability Forum is back for its 14th edition!

Launched in 2008, the Luxembourg Sustainability Forum (LSF) is the must-attend event for sustainable development in Luxembourg. Organised each year by the IMS team, its high-calibre programme offers new perspectives and concrete, inspiring solutions to environmental and social challenges.

Open to all and a true crossroads for stakeholders, this day brings together renowned personalities, experts, companies, associations, public bodies and students... all committed to a resilient and inclusive society. An event not to be missed.

Sustainability: The Only Way is Forward

How can we progress on the sustainable development agenda when facing headwinds? In the midst of the polycrisis we are experiencing, it is crucial not to slow down but to move forward, towards a future-ready society. A return to “business as usual” is not a viable, nor a profitable option. **What dynamics are at play? What kind of leadership do businesses need? How can we take concrete action within our sphere of impact?**

The programme is unveiled each week on the [IMS Luxembourg website](#).
